## PARALLEL

PRO  
 Code: **S8PRO**  
 Medium/heavy weight stepped shaft producing mid launch and low spin.  
 Flex: R, F, S & X  
 Weight: 126g  
 Length: 42"  
**RRP: £50.00**

S-LITE  
 Code: **S8SLITE**  
 Light weight high launch shaft aimed at the slower swing speed.  
 Flex: R, F and S  
 Weight: 102g  
 Length: 41.5"  
**RRP: £50.00**

U-LITE  
 Code: **S8ULITE**  
 Ultra light weight stepped shaft producing high launch and medium spin.  
 Flex: L and R  
 Weight: 97g  
 Length: 42"  
**RRP: £50.00**

VWS  
 Code: **S8VWSL**  
 The VWS range offers the ultimate in custom tuning. The VWS shafts from Shimada come in three different weight classes - VWS Lite (82g), VWS Mid (92g) and VWS Tour (109g). The shafts benefit from a very similar step pattern, but use a variable wall thickness to produce the three different weights. Supple, power-producing shaft. The range has a variable kick point, higher in the heavier options and lower in the lighter.  
**RRP: £50.00**

	VWS LITE	VWS MID	VWS TOUR
Flex:	R and S	R and S	R, S and X
Weight:	82g	92g	109g
Length:	42"	42"	42"
Tip:	.370	.370	.370

# SHIMADA

## TAPER

### CONSTANT

Code: **S8CON**

Constant weight light/mid weight shaft. Aimed at slower swing speeds.

Flex: R and S

Weight: 90g

Length: 3-PW

Tip: .355

**RRP: £40.00**

### TOUR

Code: **S8T**

Medium/heavy weight stepped shaft producing mid launch low spin.

Flex: S and X

Weight: 123g

Length: 3-PW

Tip: .355

**RRP: £50.00**

### TOUR - MID

Code: **S8TM**

A medium weight steel shaft that meets the needs of athletic golfers. The Tour Mid sits Perfectly between the Tour and Tour Lite. It's benefits from the same stability as the Tour yet with the workability of the Lite.

Flex: R and S

Weight: 115g

Length: 3-PW

Tip: .355

**RRP: £50.00**

### TOUR LITE

Code: **S8TL**

Medium weight tour specification shaft. Mid/high launch and spin.

Flex: R and S

Weight: 106g

Length: 3-PW

Tip: .355

**RRP: £50.00**

TOUR WEDGE 110 / 120

Code: **S8TWS**

Light weight wedge specific shaft. High spin rate yet penetrating flight.

Flex: Wedge

Weight: 111g

Length: 35.5"

Tip: .355

**RRP: £50.00**

TOUR WEDGE BLACK 110 / 120

Code: **S8TWB**

Heavy weight wedge specific shaft generating high spin.

Flex: Wedge

Weight: 121g

Length: 35.5"

Tip: .355

**RRP: £65.00**

NINE9

Code: **S8KN**

New concept "tuned" shaft that prevents swing delay and suppresses too much grip at impact.

NINE9 is a lightweight steel shaft that uses a new stepping manufacturing method. By synchronising the movement of the shaft from the hand to the tip, and avoiding the swing delay that is typical of lightweight shafts, even golfers with average head speed can feel that the club head follows the rotation of the body and the arms swing.

In addition, the rigidity of the tip has been increased to reduce excessive grip at impact. A shaft with a high trajectory that allows lines to be drawn toward the pin.

Flex: R & S

Tip: Tapered

Length: 3-PW

Tip: .355

**RRP: £60.00**

# GRIPS

# IOMIC STICKY 2.3

The Sticky 2.3 grip was launched in 2009 to meet European demand for an industry standard men's Iomic grip and quickly become a winner on all major tours around the world. The Sticky 2.3 is therefore the same size grip you would find as 'standard' on any golf club you picked up in a golf store.

The shallow tread pattern on the Sticky 2.3 gives perfect grip while reducing torque. Being water resistant, the grip performs amazingly in wet conditions and the firm grip cap promotes a softer grip, leading to less tension in the hands and a more relaxed swing. All helping you to play better golf.

Weight: 50g

Available in **Red | Black | Navy Blue | Sky Blue | Royal Blue | White | Orange | Yellow | Grey Green** (all with Black Cap)

**RRP: £13.50**  
Code: **I7STICK**

# IOMIC STICKY 2.3 ARMY BLACK

The Sticky Black Army 2.3 is the latest addition to Iomic's wide range of multi-colored grips. Iomic's unique production method of moulding colours make these grips last long, and pop!

The shallow tread pattern on the Sticky 2.3 Black Army gives perfect grip while reducing torque. Being water resistant the grip performs amazingly in wet conditions and the firm grip cap promotes a softer grip, leading to less tension in the hands and a more relaxed swing. All helping you to play better golf.

Weight: 50g

Available in **Black/Blue | Black/Red**

**RRP: £13.50**  
Code: **I7STBLAR**

# IOMIC I XX 2.3

The iX 2.3 is a combination of the best: everlasting tackiness meets uncompromising texture, resulting in the Lowest Torque Grip we have to offer.

Featuring an upper half of two distinctively pebbled X's for unmatched traction when you need it most.

Weight: 50g

Available in **Black | Blue | Red | Yellow | Orange**

**RRP: £13.50**

Code: **I7IXX**

---

# IOMIC IX SA 2.0 (UNDERSIZE)

The iX SA 2.0 grip contains a shock-absorbing material that is unprecedented in the golf grip industry, and was developed to reduce the impact from the club within the grip to help you make more accurate shots. It eases the impact on your hands, even during your missed hits, which eases the strain on your body.

In addition, the IX SA 2.0 features a completely new surface design and a hardness 30% softer than the other iX series.

Weight: 45g

Available in **Black | Blue | Red | Grey**

**RRP: £13.50**

Code: **I7IXSA20**

# IOMIC STICKY OVER

This is a new grip size in our popular Sticky series. The Sticky Over fits in between the Sticky Mid and Sticky 2.3, not quite a midsize, but larger than standard size men's grips.

It's new Eco-Friendly design consists of two layers of materials: A firm inner core, made from recycled IOMIC grips, and a soft surface layer made with new IOMAX material.

The new Sticky Over gives the feel of the Sticky 2.3 with 3 extra layers of tape, but at the same weight as the original Sticky 2.3.

Weight: 50g

Available in **Black**

**RRP: £14.00**

Code: **I7STOVER**

---

# IOMIC STICKY MID

The Sticky Mid fits in between the Sticky Jumbo and Sticky Over and is a classic Midsize grip. It's new Eco-Friendly design consists of two layers of materials: A firm inner core, made from recycled IOMIC grips, and a soft surface layer made with new IOMAX material.

Low torque, great feel, perfect performance.

Weight: 56g

Available in **Black | Red | Blue | Platinum Grey**

**RRP: £14.00**

Code: **I7STMID**

# STICKY JUMBO

The Sticky Jumbo is the largest size available in our popular Sticky series. This revolutionary product will ease tension in grip strength, and is also eco-friendly. The grip is made from two layers of materials, a firm inner core that minimizes torque (made from recycled IOMIC grips), and a soft surface layer made with new IOMAX material for increased comfort.

Weight: 65g

Available in **Black | Red**

**RRP: £15.00**

Code: **I7STJUMBO**

---

# MEDIUM PUTTER

This is the putter grip that put us on the map. Its smooth ergonomic design helps provide the feel and control necessary to add confidence in your putting stroke.

With straight and sharp edges, the 65g Standard allows for complete control of the putter face, making this grip our #1 best seller worldwide.

Weight: 65 grams.

Available in **Orange | Sky | Red | Pink  
Mint | White | Blue | Yellow | Black**

**RRP: £15.00**

Code: **I7PUTMED**

# LARGE PUTTER

This is the grip that put us on the map, but in the larger size. Its ergonomic design helps provide the feel and control necessary to add confidence in your putting stroke.

The 75g Large design features rounded edges in contrast to the sharpness of the 65g Std. Its larger size allows for less hand movement, giving the player the ability to produce a more pendulum-like stroke.

Weight: 75 grams

Available in **Sky | Red | White | Blue | Black**

**RRP: £15.00**

Code: **I7PUTLAR**

---

# I CLASSIC MIDSIZE

Introducing our first ever hybrid putter grip.

Incorporating our smooth putter texture and our tour proven Sticky pattern on the underside, this unique combination allows for superior traction while producing ultimate control and feel.

Similar in design to the I-Classic Putter, the pistol style design really puts this grip in your hands.

Weight: 72g

Available in **Red | Black**

**RRP: £15.00**

Code: **I7PUTICLASMID**

# ABSOLUTE X JUMBO PUTTER

The NEW Iomic Absolute X Jumbo, injection moulded using our custom IOMAX Elastomer.

The Absolute X Jumbo features multi directional traction tread for superior grip in the wet and an exceptional feel.

Weight: 127g

Available in **Red | Blue | Black**

**RRP: £27.50**

Code: **I7PUTABSJUM**

---

# VEGA TOUR DENSITY GRIP

The Vega Tour Density combines the benefits of both rubber and cord to provide a grip of exceptional feel and performance in all conditions.

The Tour Density features ultra soft cord in the upper hand area for all-weather control, whilst in the lower section of the grip, the soft rubber compound with our unique tread pattern, offers exceptional feel whilst dispersing water during wet weather.

Available in **Black**

**RRP: £8.50**

Code: **V7GHC**

# STINGER GRIPS

Both our meticulously designed swing and putter grips were purposely created to be larger than most to promote better feel. With more surface area to hold, our grips aim to eliminate shaky hands, small twitches and help you hit better shots - all while looking great.

**Swing RRP: £12.00**

**Putter RRP: £24.00**

## EXPERIENCE ICONIC GOLF COURSES

The Golfing Hub brings the world's most iconic courses to your indoor golf experience. St Andrews, Pebble Beach, and another 240+ stunning golf courses, the choice is yours.

## INDOOR GOLF REDEFINED

TrackMan's indoor golf simulator delivers an experience that redefines what is possible to achieve in a indoor environment. Every training session, every hole you play, every fun tournament you have with your friends... it's all faithful to the true feeling of the game.

---

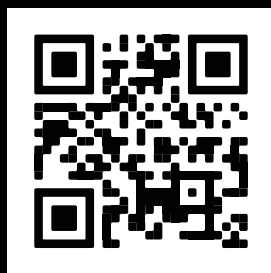

The best, trust our data as it's powered by the most sophisticated tracking technology. We've taken that technology to give you eight of the most essential ball data points delivering hard numbers and hard facts about your game. **It's unique. It's the best. It's indoor golf.**
